Introduction to Artificial
Intelligence (AI)

What is Data Science?

The AI Ladder: A Framework
for Deploying AI in your
Enterprise

Aug 19, 2026

Jerry Keah Senapo

has successfully completed the online Specialization

IBM AI Foundations for Business

This specialization will explain and describe the overall focus areas for business leaders considering AI-based solutions for business challenges. The first course provides a business-oriented summary of technologies and basic concepts in AI. The second will introduce the technologies and concepts in data science. The third introduces the AI Ladder, which is a framework for understanding the work and processes that are necessary for the successful deployment of AI-based solutions.
